

## ★ Comfort Zone Plan “All-In-One” **\$349 /Year**

The Comfort Zone Plan can give you peace of mind that **ALL** of your heating, cooling, and water heating needs will be met all year long, no matter the season or the reason. Rather than having separate plans, our premium plan provides coverage for all of the heating and cooling equipment in your home.

<p> <b>24-Hour Emergency Heat Service</b> For no heat or no hot water emergencies. <b>No Response Fee!</b></p> <p> <b>Priority Air Conditioning Service</b> 7 days a week from 7:00AM to 4:30PM. <b>No Response Fee!</b></p> <p> <b>Equipment Replacement Allowance</b> Up to \$500 for the replacement of equipment. Amount towards replacement varies based on equipment installed.</p>	<p> <b>Annual Maintenance For All Heating and Cooling Equipment</b> Receive up to 4 hours of maintenance for your heating and cooling equipment. All maintenance is to be performed in one appointment. If maintenance exceeds 4 hours, the contract labor rate will be applied to any overage.</p> <p> <b>15% Off Parts and Labor</b> Discount applies to equipment covered under plan.</p>
--	--

\*15% discount available for additional Service Plans. Discount does not apply to Comfort Zone Plan.

## Heating Oil Plans

A clean oil furnace or boiler can save you money and extend the life expectancy of your equipment. Protect your equipment with a service plan that fits your budget.

# Gas Plan

**\$239/Three Year Plan**

Our Propane and Natural Gas Plans will ensure that your unit receives the maintenance it requires. A clean system is able to operate efficiently, which will reduce energy waste and high utility bills.

## Includes One Cleaning Per Term

- Keeps the system running cleaner
- Reduces unexpected service calls
- Increases the efficiency of your unit
- Saves you money on fuel
- Prolongs the life of your heating system

## 24-Hour Emergency Service No Response Fee!

No matter the season, we'll be there for emergencies.

## 15% Off Parts and Labor

Discount applies to equipment covered under plan.

**\*High Efficiency Gas Units require an annual cleaning, for additional cost.**

**During a cleaning, our technician can verify whether the system is a standard gas unit or a high efficiency gas unit.**

# Air Conditioning

**\$139/Year**

## Spring Efficiency Tune-Up

## Priority Service

## 15% Discount On Labor & Parts

Don't let your cooling system let you down during the warmest days of the summer. Our priority service, seven days a week from 7:00am to 4:30pm, will guarantee that our technicians can be there for you.

# Heat Pump Plan

**\$169/Year**

## Fall Efficiency Tune-Up

## Priority Service

## 15% Discount On Labor & Parts

Our Heat Pump Plan can help your equipment achieve high operating efficiency. A certified expert will inspect and tune up the system for better performance throughout the year.
